Re: Solvents Recovery Service of New England Superfund Site

Dear Ms. Goldberg:

In response to your letter of January 22, 1993, I am providing the attached information on behalf of Loctite Corporation regarding your investigation of the above captioned Site. I must apologize for the delay in our response; unfortunately, I was under the assumption that no response was necessary.

If anything else is necessary, please contact me directly at (203) 520-5005.

Very truly yours,

John P. Preysner, Jr.

ENCLOSURE B

Solvents Recovery Service of New England
104(e) Information Request Form for Generators

1. Name of Respondent: LOCTITE CORPORATION
2. Date Information Request Completed: February 1, 1993
3. For each transaction listed on Form 1 (attached), identify by chemical name the type of waste material that the Respondent sent for treatment or disposal to the Site or sent with a transporter for treatment or disposal to the Site. If the chemical name is not known, please state the trade name and the name of the manufacturer. Also identify the transporter of each waste volume and identify who made the decision to bring the waste to the Site -- the transporter, generator, or broker. Attach copies of all documents consulted, examined, or referred to in the preparation of answers to these questions.
4. At the end of Form 1 and consistent with the format of Form 1, identify and provide complete information on any additional transactions which do not appear on Form 1 or transactions which are in some manner incorrectly recorded on Form 1. Attach copies of all documents which provide information on these transactions.
5. If you are not the generator of any of the wastes attributed to you in the listing of transactions on Form 1 (i.e., you sent waste materials to the Site for disposal or treatment that were generated by a person other than you), please complete steps a through d below:
 - a) Provide the information requested for that transaction on Form 1;
 - b) Highlight the transaction by placing an asterisk (*) to the left of the appropriate transaction date on Form 1;
and
 - c) Provide the information requested on Form 2 (attached);
 - d) Attach copies of all documents consulted, examined, or referred in to the preparation of answers to these questions.
6. Please identify all persons consulted in the preparation of the answers to these questions. Indicate their relationship to the Respondent (e.g., current employee - environmental manager, past employee - maintenance department, etc.). Attach extra pages if necessary.

6. (continued)

Name: Stephen Repetto
Address 705 North Mountain Road
Newington, Connecticut 06111
Phone No. (203) 520-5005
Relation to Respondent Environmental Specialist

Name: Thomas S. Gineo

**Solvents Recovery Service of New England
Loctite Corporation**

Transaction Date (1)	Gallon Volume (2)	Waste Type (3)	Name/Address of Transporter	Name/Description of Who Selected the Site (4)
02/09/79	1,155.00	See explanation (*) below.	Solvent Recovery Services ("SRS")	Loctite Corporation
08/03/79	495.00	1-1-1 Trichloroethane**	Most likely, SRS	Loctite Corporation
08/03/79	550.00	Methylene Chloride**	Most likely, SRS	Loctite Corporation
08/03/79	605.00	Freon**	Most likely, SRS	Loctite Corporation
08/03/79	440.00	It appears that this shipment was returned to Loctite "as is."**		

* Based upon shipping classification, the product was most likely a solvent such as 1-1-1 Trichloroethane, methylene chloride, or freon.

** Information provided was taken from reading the materials provided in Section II. Loctite was unable to locate any documents which supported or refuted that these shipments were made or returned.

Notes:

- (1) The transaction date refers to the date the waste was delivered to SRSNE. This date may differ from the date the waste left the generator's facility, (particularly if the transaction was brokered by another party), and therefore may not match exactly with your records. EPA expects you to make your best efforts to correlate your records with EPA's documents. This is to prevent double-counting of shipments in EPA's volumetric ranking.
- (2) All gallon volumes are waste-in transactions to SRSNE.
- (3) Please state waste type by chemical name. If the chemical name is not known, please state the trade name and the manufacturer's name.
- (4) e.g., XYZ Chemical Company - generator; ABC Waste Trucking - transporter; EFG Waste Disposal Service - broker.
