Re: Solvents Recovery Service of New England (SRSNE)
Superfund Site in Southington, Connecticut

Dear Ms. Goldberg:

The following enclosures are in response to the EPA's Transactional Document Review together with its 104(e) Request for Information directed to Ashland Chemical Company regarding the above-referenced Site. Ashland has made every effort to provide accurate and truthful responses to your questions and we are aware that any subsequent information responsive to this request which may become available after submission of the enclosed documents must be provided.

Enclosed are the following documents:

- 1. Attachment II.B. Transactional Review Form
- 2. Attachment II.C. Additional Transactions Form
- 3. Enclosure B SRS 104(e) Request for Information for Brokers
- 4. Enclosure B SRS 104(e) Request for Information for Generators

Please do not hesitate to contact the undersigned with any questions you may have. Thank you for the courtesy extended in granting Ashland an extension of time in which to respond and the continued patience your office has displayed.

Very truly yours,

William S. Hood, Jr.

#### **ENCLOSURE B**

# Solvents Recovery Service of New England 104(e) Information Request Form for Generators

1. Name of Respondent:

Response:

Ashland Chemical Company

2. Date Information Request Completed:

Response:

January 7, 1993

3. For each transaction listed on Form 1 (attached), identify by chemical name the type of waste material that the Respondent sent for treatment or disposal to the Site or sent with a transporter for treatment or disposal to the Site. If the chemical name is not known, please state the trade name and the name of the manufacturer. Also identify the transporter of each waste volume and identify who made the decision to bring the waste to the Site -- the transporter, generator, or broker. Attach copies of all documents consulted, examined, or referred to in the preparation of answers to these questions.

Response:

At this time, Ashland is unable to locate any records or information pertaining to transactions which date back to August 22, 1968 through February 22, 1973. Ashland has made every reasonable effort to locate these records in order to accurately respond to the Agency's request and it is aware that any subsequent information responsive to this request which may become available after submission of this response must be provided.

Due to the unavailability of records, Ashland has no knowledge or information regarding the chemical name, the trade name or the name of the manufacturer of the type of waste materials sent for treatment or disposal to the Site during the relevant time period.

Further, Ashland has no knowledge or information regarding the identification of the transporter of each

Enclosure B 104(e) Request for Generators Page 2

waste volume or who made the decision to bring the waste to the Site.

4. At the end of Form 1 and consistent with the format of Form 1, identify and provide complete information on any additional transactions which do not appear on Form 1 or transactions which are in some manner incorrectly recorded on Form 1. Attach copies of all documents which provide information on these transactions.

Response: Ashland has no knowledge or information of additional

transactions which do not appear on Form 1 or transactions which are in some manner incorrectly

recorded on Form 1.

5. If you are **not** the generator of any of the wastes attributed to you in the listing of transactions on Form 1 (i.e., you sent waste materials to the Site for disposal or treatment that were generated by a person other than you), please complete steps a through d below:

a) Provide the information requested for that transaction on Form 1;

b) Highlight the transaction by placing an asterisk (*) to the left of the appropriate transaction date on Form; and

c) Provide the information requested on Form 2 (attached);

d) Attach copies of all documents consulted, examined, or referred in to the preparation of answers to these questions.

Response: No records are available to Ashland to reflect whether

or not it was the generator of any of the wastes attributed to Ashland in the listing of transactions on Form 1. Therefore, Ashland is unable to respond to

questions a) through b) set forth above.

6. Please identify all persons consulted in the preparation of the answers to these questions. Indicate their relationship to the Respondent (e.g., current employee - environmental manager, past employee - maintenance department, etc.).

Response: Ashland has consulted with various district and plant

managers in the general area of the Site in order to

respond to this Request for Information.

Enclosure B 104(e) Request for Generators Page 3

Name:

Mike Majer

Address:

3 Broad Street, Binghamton, NY 13902

Respondent:

Legal Assistant, Law Department

#### ENCLOSURE B

Solvents Recovery Service of New England
104(e) Information Request for Brokers
(i.e., SRSNE Customers Who are Not Generators)

1.	Name of Respondent: Ashland Chemical Company	
2.	Date Information Request Completed: JANUARY 7 1893	

- 3. For each transaction listed on Form 1 (attached) in which you arranged for another person's waste material to be treated or disposed of at the Site or arranged with a transporter for transport of waste material to be treated or disposed of at the Site, identify who selected the Site for treatment or disposal of these wastes. Attach copies of all documents consulted, examined, or referred to in the preparation of answers to these questions.
- 4. At the end of Form 1 and consistent with the format of Form 1, identify and provide complete information, including identification of waste type, on any additional transactions in which you arranged for waste material to be treated or disposed of at the Site or arranged with a transporter for transport of waste material to be treated or disposed of at the Site which do not already appear on Form 1. Also identify and provide complete information on any transactions which you believe are in some manner incorrectly recorded on Form 1. Attach copies of all documents which provide information on these transactions.
- 5. Please identify all persons consulted in the preparation of the answers to these questions. Indicate their relationship to the Respondent (e.g., current employee - environmental manager, past employee - maintenance department, etc.). Attach extra pages if necessary.

#### Notes:

- (1) The transaction date refers to the date the waste was delivered to SRSNE.

  Therefore, this date may not match exactly with your records. EPA expects you to
  make your best efforts to correlate your records with EPA's documents. This is to
  prevent double-counting of shipments in EPA's volumetric ranking.
- (2) All gallon volumes are waste-in transactions to SRSNE.
- (3) e.g., XYZ Chemical Company generator; ABC Waste Trucking transporter; EFG Waste Disposal Service broker.
- (4) Please state waste type by chemical name. If the chemical name is not known, please state the trade name and the manufacturer's name.
