Vienna, VA 22182

Introduction

The documents listed in this index were relied upon by EPA-New England (Region I) in determining that a de minimis settlement, pursuant to Section 122(g) of CERCLA, 42 U.S.C. § 9622(g), is practicable and in the public interest. These documents were also employed by EPA-New England (Region I) in making party-specific findings with regard to the relative amount and toxic or other hazardous effects of the substances contributed by each party. In making these determinations, EPA also relied on that information referenced in or appended to the documents listed in this index. Such information so referenced or appended is incorporated by reference into this Administrative Record.

This Administrative Record for the Bennington Landfill Superfund Site de minimis Settlement is available for public review at both the EPA-New England (Region I) OSRR Record Center, 90 Canal St., Boston, MA and at the Bennington Public Library, Bennington, VT.

Questions concerning this Administrative Record should be addressed to Ed Hathaway, EPA Regional Project Manager, Office of Site Remediation and Restoration, U.S. Environmental Protection Agency, JFK Federal Building, Boston, MA 02233 or by calling him at (617) 573- 5782.
