Introduction to the Collection

This is the Administrative Record for the New Bedford Harbor Superfund Site, New Bedford, MA, Upper and Lower Harbor Operable Unit, Record of Decision (1998 Upper and Lower Harbor ROD). This Administrative Record was established on September 25, 1998 and subsequently released on CD-ROM on April 11, 2012. This Administrative Record was amended in April 2012 to reflect that EPA added records to the Administrative Record; the additional records are listed on the attached April 11, 2012 Amended Administrative Record Index Sheet, Additional Document List for the New Bedford Harbor Superfund Site 1998 Upper and Lower Harbor ROD. These additional records consist of those included in the updates to this Administrative Record compiled on September 28, 1990, January 30, 1992, May 13, 1992, July 2, 1992 and February 2, 1993 as well as those records listed in Appendix E - References Cited to the 1998 Upper and Lower Harbor ROD. These records were considered by EPA prior to the signing of 1998 Upper and Lower Harbor ROD; however, they may have been inadvertently omitted from the Administrative Record when it was issued on September 25, 1998. This Record contains site-specific documents and guidance used by EPA staff in selecting a response action at this site

This Administrative Record incorporates, by reference, the Administrative Record for the New Bedford Harbor Superfund Site Operable Unit 2 – Hot Spot Record of Decision (1990 Hot Spot ROD), including the Administrative Records for the 1992 Hot Spot ESD and the 1995 Hot Spot ESD. This Administrative Record also incorporates, by reference, the Administrative Record for the Administrative Order for Access for the New Bedford Harbor Superfund Site that was established September 10, 1993.
