Re: New Bedford Harbor Superfund Site—Eighth Modification of Effective Date of Unilateral Administrative Order for Remedial Design, Remedial Action, and Operation and Maintenance (U.S. EPA Docket No. CERCLA-01-2012- 0045)

Dear Mr. Gill-Austern:

Enclosed please find a copy of the executed Eighth Modification of Effective Date of Unilateral Administrative Order for Remedial Design, Remedial Action, and Operation and Maintenance, U.S. EPA Docket No. CERCLA-01-2012-0045 (“Order”). This is the eighth modification to the effective date of the Order. This eighth modification changes the Order’s effective date from May 1, 2013 to July 1, 2013.

On October 10, 2012, a proposed Supplement Consent Decree with Defendant AVX Corporation was lodged with the U.S. District Court for the District of Massachusetts that would resolve the dispute between the United States and the Commonwealth of Massachusetts and AVX, including AVX’s liabilities under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended, at the Site. On October 17, 2012, notice of the proposed Supplement Consent Decree was published in the Federal Register, which began the 30-day public notice-and-comment period; by a notice published in the Federal Register on November 8, 2012, the comment period was extended to December 17, 2012. EPA is now extending the effective date of the Order to provide time for the consideration of the submitted public comments, and, if appropriate, the Court’s review of the proposed settlement. Please contact Man Chak Ng, EPA Senior Enforcement Counsel, at (617) 918-1785, with any questions.

Sincerely,
