Hi Sarah.

It was a pleasure speaking with you earlier today. Per our conversation, I have attached two listings – one of the "Sold" assets and one of the "Unsold" assets. (What could be more self-explanatory than that?) There were 151 registered bidders for the auction. On the listing of "Sold" assets, each successful bidder's respective bidder number is listed on the same line as the asset number and description.

Please feel free to contact me to follow up once you've had a chance to review these listings, and we'll figure out the best way to get you whatever additional information you need.

Regards,

Jim <<Sold Assets Listing.pdf>> <<Unsold Asset Listing.pdf>>
