New York, New York 10278

Dear Sirs:

We would like to take soil samples from areas adjacent to our lagoons and the north and east disposal areas. We will submit the samples to our consultants for further bench scale studies. The samples would be small, approximately one to two pounds and will be used to assess the effectiveness of the various treatment processes available.

Your expedient reply to this request is appreciated. Should you or your staff have any questions concerning this matter, please contact me at 315-764-2233.

Sincerely,

*DC Premo*
