RE: Croydon, TCE Site
Bristol Township

Dear Mr. Miller:

Please be advised that Bristol Flare Corporation is working on our response to your letter of April 20, 1992.

Mr. Miller, we are a very small company and this is a very busy time of the year with our USCG Marine Distress Signal business, but we hope to have all the information you requested from us to you by the 31st of May.

Thank you for your consideration, and we hope this meets with your approval.

Sincerely,
BRISTOL FLARE CORPORATION

Delores W. Brown
President

BRISTOL STANDUP Flares

Here is the only known, used and approved line of warning flares that can be placed anywhere, on any surface, instantly in upright burning position. No search for soft ground, no spike or wire to leave on highway to injure tires or person. You merely "tee it up" with its exclusive Standup* feature.

BRISTOL FLARES ARE AVAILABLE IN THESE TYPES AND SIZES:					
CODE NUMBER	TYPE	BURNING TIME	LENGTH OVERALL	SHIPPING WT. PER GROSS	BOXES PER GROSS
15 SP	Spike	15 min.	11 1/2"	60 lbs.	2
15 BSU	Bristol Standup*	15 min.	10 1/2"	57 lbs.	2
KIT 15 BSU-3	Bristol Standup*	15 min.	10 1/2"	57 lbs.	..
20 SP	Spike	20 min.	14 3/4"	76 lbs.	2
20 BSU	Bristol Standup*	20 min.	13 1/2"	73 lbs.	2
30 SP	Spike	30 min.	20 1/4"	117 lbs.	3
30 BSU	Bristol Standup*	30 min.	19"	110 lbs.	4

* Patented

** Packed 3 to Kit, 24 Kits to 1/2-gross carton.

Regular flame color is brilliant red. Also available with green or yellow flame on special order.

CONVENIENT KIT FOR MOTORISTS 3 BRISTOL STANDUP FLARES IN HANDY, STURDY PACKAGE

Designed to be carried in glove compartment or car trunk. Opens instantly, yet protects flares when not needed. This is a "must" for every motorist who values his own safety. No one should be without these inexpensive warning devices to protect against accidents or emergency breakdowns on dark highways.

FOR EVERYBODY—Required on commercial vehicles. Vital to every passenger car driver. Here is the most important item made for everything on wheels . . . and water, too. Your market is limitless.

CONVENIENT AND CHEAP—Built-in lighting device eliminates need for matches. Easy to carry, completely waterproofed, simple to use . . . the most inexpensive approved warning signal on the market.

COMPLETELY EFFECTIVE—Brilliant red light pierces fog, burns in snow or rain. The BRISTOL Standup Flare stands firm in any kind of weather, on any surface. No loss of energy in storage.

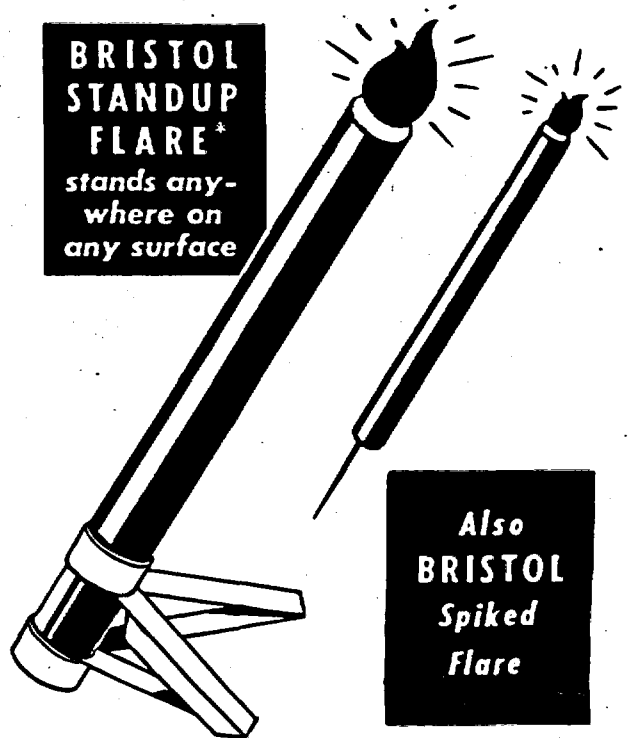

SAFE SAFETY—Absolutely will not explode. No hazard of spontaneous combustion under 350° F. (well above any naturally induced temperature).

APPROVED AND USED—National Safety Council urges use of emergency flares when needed. Turnpike Commissions, State and Local police, use BRISTOL Flares. Guaranteed to meet or exceed specifications of Interstate Commerce Commission, Association of American Railroads, American Trucking Associations.

A MUST FOR EVERY BOATER

SUGGESTED RETAIL PRICE LIST - SEPTEMBER 1991

1. DAY/NIGHT MARINE DISTRESS SIGNAL KIT - #3R2

Meets Coast Guard regulations for all boats for day and night use. Bright light can be seen in dense fog, rain or haze. These signals are the most economical way to comply with new Coast Guard regulations.

Contains: Three* hand-held 2-minute, 500 candle-power red Marine Distress Signals.

U.S.C.G. Approval #160.021/4/3

Price - \$18.50 each

2. DAYTIME MARINE DISTRESS SMOKE SIGNAL KIT - #3S5

For the safety conscious boater who desires that extra margin of visibility attainable with smoke signals. Approved for daytime use. Emits vivid orange smoke for added visibility, even in bright sunlight. The most effective daytime Distress Signal available.

Contains: Three* hand-held 50-second Orange Marine Smoke Signals.

U.S.C.G. Approval #160.037/4/1

Price - \$21.95 each

Standard packaging - 24 kits per case

3. DELUXE DAY/NIGHT MARINE DISTRESS SIGNAL KIT - #DL6

The best buy for safety! This package combines the advantage of day and night Coast Guard approval with added safety from highly visible Orange Smoke Signals.

Contains: Three* 2-minute, 500 candle-power Marine Distress Signals PLUS three 50-second Orange Smoke Signals.

U.S.C.G. Approval #160.021/4/3 and #160.037/4/1

Price - \$40.25 each

All pyrotechnics have a 3-year expiration date and must be replaced to remain in compliance with the law. This means extra profits from replacement sales after each product life cycle is repeated.

*Coast Guard regulations require three pyrotechnic signals.
