Mr. John Riley  
Frederick County Administrator  
Post Office Box 601  
Winchester, Virginia 22601

Dear Mr. Riley:

Enclosed are two copies of the Remedial Investigation/Feasibility Study Work Plan for the Winchester Tire Fire Site in Frederick County, Virginia. This report is an expansion of previous draft Work Plans and it incorporates comments from the U.S. EPA, the U.S. Army Corps of Engineers, the VA State Water Control Board, and the VA Division of Solid and Hazardous Waste. The Work Plan details how the Remedial Investigation and Feasibility Study will be conducted at the Tire Fire Site and identifies the process by which a final remedial alternative will be selected.

I appreciate your assistance in making a copy of the Work Plan available in your office for review by the public. Mr. Pete Bently of EPA's Office of Public Affairs will be contacting you about wording of the public notice to be given to the press.

I will schedule with you a public meeting on the Work Plan in early April. We can arrange the date after you have received the work plan.

If you have any questions on this matter, please call me at 215-597-6905.

Sincerely,

Jeffrey A. Pike  
Remedial Project Manager
