LIGHT IN WEIGHT

5 YEAR WARRANTY

The PLASTIC LUMBER COMPANY PARKING STOPS totally eliminate all the installation and maintenance problems associated with concrete stops.

EASY TO INSTALL

Installation is a simple, low cost, one man job. No heavy equipment is needed because PLC PARKING STOPS weigh less than 30 lbs compared to concrete's 225 and are easily secured to pavement with rebar spikes or other fasteners.

EASY TO MAINTAIN

PLC PARKING STOPS are never damaged by road salts and won't chip or crack with sudden changes in temperatures because they are made from chemically inert thermoplastics.

CHOICE OF COLORS

Safety yellow, white and handicap blue are standard. Other colors are available upon request. They will never need painting again.

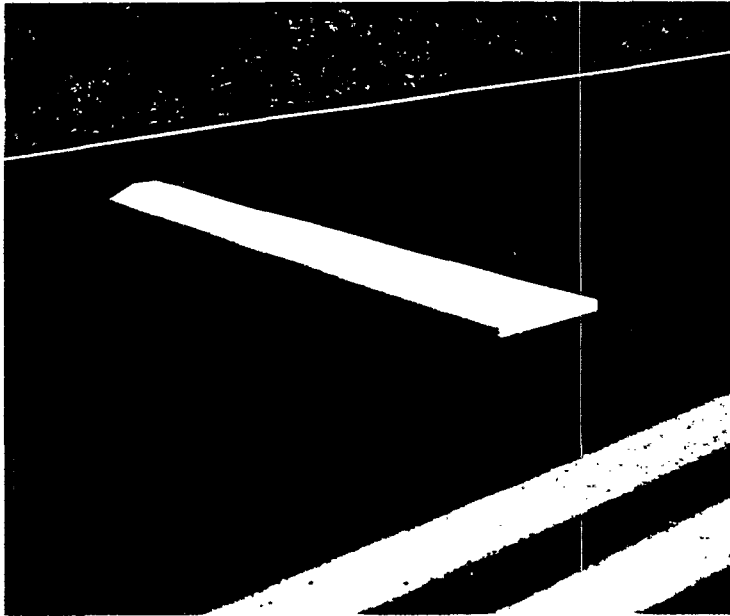

PROTECTIVE PROFILE

Low profile design prevents front end baffle damage on today's lower built cars.
