WITNESSETH, in consideration of the mutual covenants hereinafter stated, the parties hereto agree as follows:

1. Contractor hereby agrees to furnish the necessary labor, tools and equipment to provide trash removal services in the Diamond State in accordance with the specifications set forth in Exhibit "A" which is attached hereto and made a part hereof under and subject to the following terms and conditions.

Telephone Company will, from time to time, during the period covered by this contract, order such of the aforesaid trash removal services as it may require. Nothing herein or in any part of this contract shall be construed as requiring Telephone Company to assign all such work in the Diamond State to Contractor during the period covered by this contract.

2. If Telephone Company desires particular services not provided for in Section 1 hereof, Contractor agrees to furnish, from time to time under the terms of this agreement, such as are within his ability to perform at rates and frequencies which shall be specifically authorized by Telephone Company's authorized representative and shall be set forth on Form 4509, General Agreement Order, a copy of which is attached.

3. The services of the Contractor shall be performed in a workmanlike manner.

4. Contractor shall employ only competent and experienced workmen and shall carefully and diligently perform the service provided for herein. All labor employed by Contractor in connection with performing the work subject to this agreement shall be subject to the exclusive control and supervision of Contractor, provided, however, Telephone Company shall have the right to have an Inspector examine the results of said services at any time to determine that said results are being satisfactorily achieved. The presence or absence of any Telephone Company's Inspector shall not affect the liability of Contractor in the performance and quality of the services.
5. Contractor agrees that ingress and egress to Telephone Company's premises by him or his employees shall be limited to the reasonably necessary movements required by the terms of the agreement.

6. Contractor agrees that the work under this contract shall be confined generally to normal business hours except when requested otherwise or, when special arrangement for admittance before or after scheduled hours is made with the Telephone Company Supervisor in charge.

7. Contractor shall be responsible for the conduct of all of his employees while working on Telephone Company premises. Contractor and his employees shall comply with Telephone Company rules and regulations governing admittance to Telephone Company property. The Telephone Company reserves the right to refuse admittance to any employee or Contractor who does not present proper identification, or who may be objectionable to Telephone Company.

Nothing herein is intended to confer any additional rights in third parties against either the Contractor or the Telephone Company. Contractor shall carry insurance to protect Contractor and Telephone Company from and against any and all claims, demands, actions, judgements, costs, expenses and liability of every name and nature covered by the foregoing. The amount of such insurance, the company or companies in which it is to be carried, and the Certificates of Insurance evidencing proper coverage must be acceptable to Telephone Company, before any work is started.

10. Contractor shall comply with all Federal, State and Municipal laws, including those regarding Labor, Workmen's Compensation and Social Security.

11. All damage to Telephone Company's property while under the custody and control of Contractor shall be repaired by Telephone Company and bills for expenses incurred shall be forwarded to Contractor or Telephone Company may, at its option, deduct the expenses thereby incurred from any invoice or invoices rendered by Contractor.

12. No lien or claim of any kind shall be filed by Contractor, by a subcontractor, employee, or by any other person, firm or corporation against any property belonging to Telephone Company for services performed under this contract.

13. Telephone Company agrees to pay Contractor for services rendered hereunder as set forth in Exhibit "A" attached hereto and made a part hereof as aforesaid.

14. Upon written notice by either party hereto, the location or locations to be serviced hereunder, the services to be rendered and the consideration therefore shall be subject to renegotiation. Any changes mutually agreed to by the parties as a result of such renegotiation shall be evidenced by letter agreement which shall set forth the changes to be made and provide for the continuation of all other terms and covenants of this Agreement and the Exhibits or Attachments thereto and which shall be signed by the authorized representative, for the Telephone Company and by the Contractor.

15. This agreement shall take effect on the day and year first written above, and shall continue in force until terminated by either party giving to the other at least thirty (30) days' previous notice in writing of an intention to so terminate; provided, however, that Telephone Company reserves the right to terminate this agreement at any time, upon written notice to Contractor, if, in the opinion of the Telephone Company, the work is unsatisfactory or does not meet the requirements herein set forth.

16. Contractor shall not assign, transfer or sublet this agreement without the written consent of Telephone Company, nor shall Contractor assign any monies due or to become due him hereunder without the previous written consent of the Telephone Company.

17. Subject to the provisions of Section 16, this agreement shall extend to and bind the heirs, executors, administrators, successors and assigns of the parties hereto.

18. The Contractor and any Sub-Contractors who perform work under this Agreement will also fully comply with the provisions of the Federal Occupational Safety and Health Act of 1970, as same may be subsequently amended, and with any rules and regulations issued pursuant to the Act.
