Dear Mr. Adamkus:

We are in receipt of Representative Dave Johnson's letter to you, dated December 2, 1985, regarding the Industrial Excess Landfill site in Uniontown, Ohio. This is, of course, located within Lake Township and is of grave concern to the citizens of this community.

We wholeheartedly agree with comments made by Representative Johnson and again request, on behalf of the citizens of this community, necessary information regarding this site.

Sincerely,

BOARD OF LAKE TOWNSHIP TRUSTEES

David L. Herbert, Vice President
