Good Morning Mark,

Thank you for your inquiry regarding the reported 2013 water use for the Citizens White River facility (registration number 49-01377-PS). Attached, please find a spreadsheet containing the requested information. The first tab of data titled '2013 WU' shows the monthly reported water use from each groundwater and surface water source registered on the facility. Please note that the monthly totals are shown in units of 'million gallons' (MG). The second tab in the spreadsheet titled 'Pump Info' shows the registration information for each source registered on the facility, including pump capacity (gallons per minute), well depth/ diameter, and UTM location (NAD 27 datum).

If you have any questions regarding the data or if I can be of further assistance at this time, please let me know!

Thank you,
Allison Mann

Hi Monique,

I need to talk to you about the IDNR Significant Withdraw Report. I need information regarding Citizens' Riverside and White River municipal wells both located here in Indianapolis. See Kokomo example attached.

Thanks
