COMMUNITY ADVISORY GROUP DEVELOPMENT SESSION

Participate in the next step to design a CAG focused on the McLouth Superfund site

Using community input from the November CAG workshop, EPA's community engagement team will present a draft process for how the CAG will be developed and how it will function. Community members will assist with revising and finalizing the process while identifying next steps in forming the CAG.

VISIT WWW.EPA.GOV/SUPERFUND/MCLOUTH-STEEL FOR ADDITIONAL INFORMATION.

If you cannot attend this meeting but are interested in participating in a CAG, contact Diane Russell, EPA community involvement coordinator, russell.diane@epa.gov, 989-395-3493, 9:30 a.m. - 5:30 p.m., weekdays.
