Address(es) of Property(ies): \_\_\_\_\_

I consent to officers, employees, contractors and authorized representatives of the U.S. Environmental Protection Agency entering and having continued access to the property described above (the Property) to perform the following response actions: (1) collecting soil samples; (2) excavating Property soils; (3) backfilling the excavated area(s) of the Property with clean soil and/or backfill; and (4) restoring to their pre-excavation condition grass, other vegetation or structures altered during sampling or excavation activities.

I realize that these actions taken by EPA are undertaken pursuant to its response and enforcement responsibilities and authorities under the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, 42 U.S.C. Section 9601 et seq. These activities are necessary to identify soils contaminated with lead or arsenic and clean up soils contaminated with over 400 parts per million (ppm) lead and/or over 30 ppm arsenic.

I give this written permission voluntarily on behalf of myself (owner) and all other co-owners of the Property with knowledge of my right to refuse and without threats or promises of any kind. I understand that EPA or authorized representatives of EPA will contact me before the removal of soil begins to discuss the steps involved in the excavation and remedial action, and to review all measures EPA will take to restore my property.
