I consent to officers, employees, contractors and authorized representatives of the U.S. Environmental Protection Agency entering and having continued access to the property described above (the Property) to perform the following response actions: (1) collecting soil samples; (2) excavating Property soils; (3) backfilling the excavated area(s) of the Property with clean soil and/or backfill; and (4) restoring to their pre-excavation condition grass, other vegetation or structures altered during sampling or excavation activities.
