**Final (100%) Remedial Design - Northern Impoundment Deliverables Submittal**

Dear Mr. Appelt:

GHD Services Inc. (GHD), on behalf of International Paper Company (IPC) and McGinnes Industrial Maintenance Corporation (MIMC; collectively referred to as the Respondents), hereby submits to the United States Environmental Protection Agency (EPA) the Final (100%) Remedial Design - Northern Impoundment (Northern Impoundment 100% RD) for the Northern Impoundment of the San Jacinto River Waste Pits Superfund Site, located in Harris County, Texas.

On April 18, 2024, EPA provided a response to the Pre-Final (90%) Remedial Design - Northern Impoundment (Northern Impoundment 90% RD) in a letter to the Respondents titled San Jacinto River Waste Pits Superfund Site; Notification of Serious Deficiency Pursuant to Paragraph 59 of Administrative Settlement Agreement and Order on Consent for Remedial Design (April 18 Letter). On May 20, 2024, in accordance with the April 18 Letter, five deliverables were submitted to EPA within a 30-day period. On June 17, 2024, in accordance with the April 18 Letter, ten deliverables were submitted to EPA within a 60-day period. The complete Northern Impoundment 100% RD, including those components that were previously submitted to EPA in May and June 2024, and the remaining components of the 100% RD which have not been previously submitted to EPA, in accordance with the April 18 Letter, are hereby being submitted. Should you have any questions or require additional information regarding this submittal, please don't hesitate to contact GHD at (832) 380-7655.

Regards,

GHD
