1445 Ross Avenue, Suite 1200
Dallas, Texas 75202 W.O. #92-13

Subject: Ground Water Tracing and Lineament Studies at Arkwood,
Inc. Site, Omaha, Arkansas

Dear Mr. Truskowski:

At the request of Mass Merchandisers, Inc., ERM-Southwest, Inc. is pleased to provide you with the attached addendum to the Phase II Remedial Investigation Work Plan (Proposed Ground Water Tracing Investigations). The proposed scope of work was prepared by Mr. Thomas Aley of the Ozark Underground Laboratory, who will be working under the direct supervision of an ERM-Southwest geologist who is registered in the State of Arkansas.

Work on this portion of the Phase II investigation will be initiated immediately upon approval from the Agency. An approximate completion date will be provided after the study has progressed sufficiently to estimate ground water travel times and other factors influencing the length of the study. It is projected that the study will take from 20 to 24 weeks to complete.

If you have any questions concerning this matter, please call me or Mr. Steve Calhoun.

Sincerely,

ERM-SOUTHWEST, INC.

Richard H. Fuller
