Dear Mr. Thomas:

In response to Mr. Dick Whittington's letter dated December 30, 1982, I have surveyed all plant records relating to chemical waste disposal, hazardous and non-hazardous, and have found nothing to indicate that Stauffer Chemical Company's Baytown Plant has ever used the Motco, French Limited, or Sikes Pit facilities for the disposal of chemical waste.

If there is any further information which you may require, do not hesitate to call. Thank you.

Sincerely yours,

Eloy G. Valdes
