I. JURISDICTION

1. This Administrative Settlement Agreement and Order on Consent (“Settlement Agreement”) is issued pursuant to the authority vested in the President of the United States by Section 122(g)(4) of the Comprehensive Environmental Response, Compensation, and Liability Act (“CERCLA”), 42 U.S.C. § 9622(g)(4), to reach settlements in actions under Section 106 or 107 of CERCLA, 42 U.S.C. §§ 9606 or 9607. The authority vested in the President has been delegated to the Administrator of the U.S. Environmental Protection Agency (“EPA”) by Executive Order 12580, 52 Fed. Reg. 2923 (Jan. 29, 1987), and further delegated to the Regional Administrators of EPA by EPA Delegation No. 14-14-E (De Minimis Settlements). The Regional Administrator for Region IX, through Regional Delegation R9-1200 TN 2018-01, dated May 9, 2018, redelegated the authority to the division director, deputy director, and branch chiefs or equivalent of the Superfund Division.
2. This Settlement Agreement is issued to the persons, corporations, or other entities identified in Appendix A (“Respondents”) and to the United States Postal Service (“Settling Federal Agency”). Each Respondent and the Settling Federal Agency agrees to undertake all actions required by this Settlement Agreement. Each Respondent and the Settling Federal Agency further consents to and will not contest EPA’s jurisdiction to issue this Settlement Agreement or to implement or enforce its terms.
3. EPA, Respondents, and the Settling Federal Agency agree that the actions undertaken by Respondents and the Settling Federal Agency in accordance with this Settlement Agreement do not constitute an admission of any liability by any Respondent or the Settling Federal Agency. Respondents and the Settling Federal Agency do not admit, and retain the right to controvert in any subsequent proceedings other than proceedings to implement or enforce this Settlement Agreement, the validity of the Statement of Facts or Determinations contained in Sections V and VI, respectively, of this Settlement Agreement.

II. PARTIES BOUND

4. This Settlement Agreement shall apply to and be binding upon EPA, the United States on behalf of the Settling Federal Agency, and upon Respondents and their heirs, successors and assigns. Any change in ownership or corporate or other legal status of a Respondent, including but not limited to, any transfer of assets or real or personal property, shall in no way alter such Respondent’s responsibilities under this Settlement Agreement. Each signatory to this Settlement Agreement certifies that he or she is authorized to enter into the terms and conditions of this Settlement Agreement and to execute and bind legally the party represented by him or her.

III. STATEMENT OF PURPOSE

5. By entering into this Settlement Agreement, the mutual objectives of the Parties are:
 - a. to reach a final settlement among the Parties with respect to the Site pursuant to Section 122(g) of CERCLA, 42 U.S.C. § 9622(g), that allows Respondents and the Settling Federal Agency to make a cash payment, including a premium, to resolve

their alleged civil liability under Sections 106 and 107 of CERCLA, 42 U.S.C. §§ 9606 and 9607, for injunctive relief with regard to the Site and for response costs incurred and to be incurred at or in connection with the Site, thereby reducing litigation relating to the Site;

b. to simplify any remaining administrative and judicial enforcement activities concerning the Site by eliminating a substantial number of potentially responsible parties from further involvement at the Site; and

c. to obtain settlement with Respondents and the Settling Federal Agency for their fair share of response costs incurred and to be incurred at or in connection with the Site by the EPA Hazardous Substance Superfund, and by other persons, and to provide for full and complete contribution protection for Respondents and the Settling Federal Agency with regard to the Site pursuant to Sections 113(f)(2) and 122(g)(5) of CERCLA, 42 U.S.C. §§ 9613(f)(2) and 9622(g)(5), or as otherwise may be provided by law.

V. STATEMENT OF FACTS

7. The Omega Chemical Superfund Site is located in Los Angeles County, California. The Site consists of three operable units (“OUs”): OU-1 includes the vadose zone soils and shallow groundwater contamination at the former Omega Chemical Facility and in its immediate vicinity; OU-2 is the groundwater contamination outside and generally downgradient of OU-1; OU-3 consists of indoor air contamination at buildings located in the immediate vicinity of the Omega Chemical Facility.
8. From approximately 1976 to 1991, OCC and ORRC operated a used solvent and refrigerant recycling, reformulation, and treatment facility at the Omega Chemical Facility. These businesses primarily handled chlorinated solvents such as degreasing and dry-cleaning chemicals and refrigerants.
9. Beginning in the 1980s, DTSC inspected the Omega Chemical Facility numerous times and issued it several notices of violations. In January 1995, EPA inspectors observed approximately 3,000 drums at the Omega Chemical Facility in various stages of deterioration, many of which were corroded and leaking. Leaking substances were migrating to other portions of the property and offsite, and numerous hazardous substances were identified in soil and groundwater beneath the Omega Chemical Facility.
10. Hazardous substances have been or are threatened to be released from the Omega Chemical Facility to groundwater at the Site. Hazardous substances at the Site include, but are not limited to: Tetrachloroethene (“PCE”); Trichloroethene (“TCE”); Freon 11; Freon 113; 1,1-Dichloroethene; Cis-1,2-Dichloroethene; Trans-1,2-Dichloroethene; 1,1-Dichloroethane; 1,2-Dichloroethane; 1,1,1-Trichloroethane; 1,1,2,2-Tetrachloroethane; Carbon Tetrachloride; Methylene Chloride; Vinyl Chloride; Benzene; MTBE; Aluminum; Chromium; Selenium; Perchlorate; Chloroform; Acetone; Chlordane; Lindane; BHC (alpha, beta gamma combined); and Heptachlor Epoxide. Hazardous substances found at the Site are commingled.
11. Through sampling, EPA established that hazardous substances released at the Omega Chemical Facility are present in the plume of contaminated groundwater underneath and downgradient from the Omega Chemical Facility.
12. Available data indicates that the plume of groundwater contamination at OU-2 extends approximately four-and-one-half miles downgradient of the Omega Chemical Facility. As part of its groundwater investigation, EPA identified additional source areas that have released hazardous substances that have commingled with the OU-2 contamination that was released from the Omega Chemical Facility. Nine source areas downgradient of the Omega Chemical Facility are, or have been, conducting cleanup under the oversight of DTSC or LARWQCB.
13. In September 1998, EPA proposed the Site for listing on the National Priorities List (“NPL”). On January 19, 1999, pursuant to Section 105 of CERCLA, 42 U.S.C. § 9605,

EPA placed the Omega Site on the NPL, as set forth at 40 C.F.R. Part 300, Appendix B. (64 Fed. Reg. 2950).

14. On May 9, 1995, EPA issued a Unilateral Administrative Order (“UAO”) to OCC, its President, Dennis O’Meara, and to generators that sent at least ten tons of hazardous substances to the Omega Chemical Facility. The UAO required various actions on or near the Omega Chemical Facility, including the removal of containers, the decommissioning of certain equipment, and an investigation of soil and groundwater contamination. Approximately 147 potentially responsible parties (“PRPs”) performed work under the UAO, as amended in September 1995.
15. In a consent decree, entered by the U.S. District Court in 2001, certain PRPs agreed to perform a removal action addressing groundwater and a remedial investigation and feasibility study addressing soil in the OU-1 area. The removal action involved installation of a groundwater extraction and treatment system to contain contaminated groundwater in the OU-1 area. The extraction and treatment system began operation on June 7, 2009.
16. In 2005, EPA entered into an administrative de minimis settlement with 171 parties that sent between three and ten tons of hazardous substances to the Omega Chemical Facility. In 2006, EPA settled with twelve parties deemed to have limited ability to pay response costs associated with the Site. Of those twelve parties, eleven had sent more than ten tons of waste to the Omega Chemical Facility and one had sent between seven and ten tons.
17. EPA issued a ROD on September 30, 2008, selecting a remedial action for soil cleanup at OU-1. The remedy consists of a soil vapor extraction (“SVE”) system to remove and treat chemicals in OU-1 soils. A series of SVE wells pull the contaminant vapors out of the soil and into a granular activated carbon filter for treatment. In a consent decree, entered by the District Court in 2010, PRPs agreed to perform the OU-1 soils remedy.
18. In 2009, EPA entered into an agreement with PRPs to address indoor air contamination caused by vapor intrusion into buildings. Under the agreement, the PRPs installed an interim SVE system and a sub-slab depressurization system, and are taking other measures to address vapor intrusion at buildings in the OU-1 area. PRPs continue to monitor indoor air in several buildings.
19. EPA issued a second ROD on September 20, 2011, selecting a remedial action for a portion of the groundwater cleanup at OU-2. The remedy includes installation of groundwater extraction wells, construction of groundwater treatment facilities, institutional controls to protect the integrity of the remedy, and monitoring wells. In a consent decree, entered by the District Court in 2017, certain PRPs agreed to perform the OU-2 groundwater remedy by performing cleanup in the upper two-thirds of the lateral extent of the OU-2 plume.
20. In performing and overseeing the implementation of these response actions, EPA has incurred and will continue to incur response costs at or in connection with the Site. As of April 30, 2019, EPA has incurred more than \$42 million in costs at the Site. EPA has recovered more than \$27 million from PRPs through consent decrees entered in 2001, 2010, and 2017 and through administrative orders in 1995, 2006 and 2009.

21. Each Respondent listed on Appendix A and the Settling Federal Agency arranged for disposal or treatment, or arranged with a transporter for transport for disposal or treatment, of a hazardous substance owned or possessed by such Respondent or such Settling Federal Agency, by any other person or entity, at the Site, or accepted a hazardous substance for transport to the Site that was selected by such Respondent or such Settling Federal Agency.
22. Most of the cleanup work described above has been paid for by parties that sent more than ten tons of waste to the Omega Chemical Facility or that owned and/or operated other facilities at the Site. Parties that sent three to ten tons of waste have also funded portions of the work through the 2005 de minimis settlement. This Settlement Agreement concerns parties that sent one to three tons of waste to the Omega Chemical Facility.
23. EPA obtained copies of hazardous waste manifests describing the wastes sent to the Omega Chemical Facility. The manifests generally list the generator name, waste description, receiving facility, shipment date, and quantity shipped. The manifests indicate that each Respondent and the Settling Federal Agency sent between one and three tons of waste solvents or other chemicals to Omega Chemical Facility between 1976 and 1991. The hazardous substances contributed by each Respondent and by the Settling Federal Agency to the Site are not significantly more toxic or of significantly greater hazardous effect than other hazardous substances at the Site.
24. EPA estimates that the total response costs incurred and to be incurred at or in connection with the Site by the EPA Hazardous Substance Superfund and by other persons is \$346 million. The payment required by each Respondent and by the Settling Federal Agency pursuant to this Settlement Agreement is a minor portion of this total amount.

VI. DETERMINATIONS

25. Based upon the Statement of Facts set forth above and on the administrative record for this Site, EPA has determined that:
 - a. The Omega Chemical Superfund Site is a “facility” as that term is defined in Section 101(9) of CERCLA, 42 U.S.C. § 9601(9).
 - b. Each Respondent and the Settling Federal Agency is a “person” as that term is defined in Section 101(21) of CERCLA, 42 U.S.C. § 9601(21).
 - c. Each Respondent and the Settling Federal Agency is a “potentially responsible party” within the meaning of Section 122(g)(1) of CERCLA, 42 U.S.C. § 9622(g)(1).
 - d. There has been an actual or threatened “release” of a “hazardous substance” from the Site as those terms are defined in Section 101(22) and (14) of CERCLA, 42 U.S.C. § 9601(22) and (14).
 - e. The actual or threatened “release” caused the incurrence of response costs.
 - f. Prompt settlement with each Respondent and the Settling Federal Agency is practicable and in the public interest within the meaning of Section 122(g)(1) of CERCLA, 42 U.S.C. § 9622(g)(1).

g. As to each Respondent and the Settling Federal Agency, this Settlement Agreement involves only a minor portion of the response costs at the Site within the meaning of Section 122(g)(1) of CERCLA, 42 U.S.C. § 9622(g)(1).

h. The amount of hazardous substances contributed to the Site by each Respondent and the Settling Federal Agency, and the toxic or other hazardous effects of the hazardous substances contributed to the Site by each Respondent and the Settling Federal Agency are minimal in comparison to other hazardous substances at the Site within the meaning of Section 122(g)(1)(A) of CERCLA, 42 U.S.C. § 9622(g)(1)(A).

XII. COVENANTS BY RESPONDENTS AND SETTLING FEDERAL AGENCY

40. Covenants by Respondents.

a. Respondents covenant not to sue and agree not to assert any claims or causes of action against the United States or its contractors or employees with respect to the Site and this Settlement Agreement including, but not limited to:

- (1) any direct or indirect claim for reimbursement from the EPA Hazardous Substance Superfund based on Sections 106(b)(2), 107, 111, 112, or 113 of CERCLA, 42 U.S.C. §§ 9606(b)(2), 9607, 9611, 9612, or 9613, or any other provision of law;

- (3) any claim pursuant to Sections 107 and 113 of CERCLA, 42 U.S.C. §§ 9607 and 9613, Section 7002(a) of RCRA, 42 U.S.C. § 6972(a), or State law regarding the Site.

b. Except as provided in Paragraph 43 (waiver of claims) and Paragraph 48 (waiver of claim-splitting defenses), these covenants not to sue shall not apply in the event the United States brings a cause of action or issues an order pursuant to any of the reservations set forth in Section XI (Reservations of Rights by United States), other than in Paragraph 38.a (liability for failure to meet a requirement of the Settlement Agreement) or 38.b (criminal liability), but only to the extent that Respondents' claims arise from the same response action, response costs, or damages that the United States is seeking pursuant to the applicable reservation.

41. Covenant by Settling Federal Agencies. The Settling Federal Agency agrees not to assert any direct or indirect claim for reimbursement from the EPA Hazardous Substance Superfund through CERCLA §§ 106(b)(2), 107, 111, 112, 113 or any other provision of law with respect to the Site and this Settlement Agreement. This covenant does not preclude demand for reimbursement from the Superfund of costs incurred by the Settling

Federal Agency in the performance of its duties (other than pursuant to this Settlement Agreement) as lead or support agency under the NCP.

42. Nothing in this Settlement Agreement shall be deemed to constitute preauthorization or approval of a claim within the meaning of Section 111 of CERCLA, 42 U.S.C. § 9611, or 40 C.F.R. § 300.700(d).
43. Respondents agree not to assert any claims and to waive all claims or causes of action (including but not limited to claims or causes of action under Section 107(a) or 113 of CERCLA) that they may have for response costs relating to the Site against each other or any other person who is a potentially responsible party under CERCLA at the Site. This waiver shall not apply with respect to any defense, claim, or cause of action that a Respondent may have against any person if such person asserts a claim or cause of action relating to the Site against such Respondent.

XIII. EFFECT OF SETTLEMENT/CONTRIBUTION

44. Except as provided in Paragraph 43 (waiver of claims), nothing in this Settlement Agreement shall be construed to create any rights in, or grant any cause of action to, any person not a Party to this Settlement Agreement. Except as provided in Section XII (Covenants by Respondents and the Settling Federal Agency), each of the Parties expressly reserves any and all rights (including, but not limited to, pursuant to Section 113 of CERCLA, 42 U.S.C. § 9613), defenses, claims, demands, and causes of action that each Party may have with respect to any matter, transaction, or occurrence relating in any way to the Site against any person not a Party hereto. Nothing in this Settlement Agreement diminishes the right of the United States, pursuant to Section 113(f)(2) and (3) of CERCLA, 42 U.S.C. § 9613(f)(2)-(3), to pursue any such persons to obtain additional response costs or response action and to enter into settlements that give rise to contribution protection pursuant to Section 113(f)(2).
45. The Parties agree that this Settlement Agreement constitutes an administrative settlement pursuant to which each Respondent and the Settling Federal Agency has, as of the Effective Date, resolved liability to the United States within the meaning of Sections 113(f)(2) and 122(g)(5) of CERCLA, 42 U.S.C. §§ 9613(f)(2) and 9622(g)(5), and is entitled, as of the Effective Date, to protection from contribution actions or claims as provided by Sections 113(f)(2) and 122(g)(5) of CERCLA, or as may be otherwise provided by law, for the “matters addressed” in this Settlement Agreement. The “matters addressed” in this Settlement Agreement are all response actions taken or to be taken and all response costs incurred or to be incurred, at or in connection with the Site, by the United States or any other person; provided, however, that if the United States exercises rights under the reservations in Section XI (Reservations of Rights by United States), other than in Paragraph 38.a (liability for failure to meet a requirement of the Agreement) or 38.b (criminal liability), the “matters addressed” in this Settlement Agreement will no longer include those response costs or response actions that are within the scope of the exercised reservation.
46. The Parties further agree that this Settlement Agreement constitutes an administrative settlement pursuant to which each Respondent and the Settling Federal Agency has, as of

the Effective Date, resolved liability to the United States within the meaning of Section 113(f)(3)(B) of CERCLA, 42 U.S.C. § 9613(f)(3)(B).

47. Each Respondent shall, with respect to any suit or claim brought by it for matters related to this Settlement Agreement, notify EPA in writing no later than 60 days prior to the initiation of such suit or claim. Each Respondent shall, with respect to any suit or claim brought against it for matters related to this Settlement Agreement, notify EPA in writing within 10 days after service of the complaint or claim upon such Respondent. In addition, each Respondent shall notify EPA within 10 days after service or receipt of any Motion for Summary Judgment and within 10 days after receipt of any order from a court setting a case for trial, for matters related to this Settlement Agreement.
48. In any subsequent administrative or judicial proceeding initiated by the United States for injunctive relief, recovery of response costs, or other relief relating to the Site, Respondents shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim-splitting, or other defenses based upon any contention that the claims raised in the subsequent proceeding were or should have been brought in the instant action; provided, however, that nothing in this Paragraph affects the enforceability of the covenants set forth in Section X (Covenants by United States).
49. Effective upon signature of this Settlement Agreement by a Respondent, such Respondent agrees that the time period commencing on the date of its signature and ending on the date EPA receives from such Respondent the payment(s) required by Section VII (Payment) and, if any, Section VIII (Failure to Make Payment) shall not be included in computing the running of any statute of limitations potentially applicable to any action brought by the United States related to the “matters addressed” as defined in Paragraph 45, and that, in any action brought by the United States related to the “matters addressed,” such Respondent will not assert, and may not maintain, any defense or claim based upon principles of statute of limitations, waiver, laches, estoppel, or other defense based on the passage of time during such period. If EPA gives notice to Respondents that it will not make this Settlement Agreement effective, the statute of limitations shall begin to run again commencing 90 days after the date such notice is sent by EPA.

XIV. INTEGRATION/APPENDICES

50. This Settlement Agreement and its appendices constitute the final, complete, and exclusive agreement and understanding among the Parties with respect to the settlement embodied in this Settlement Agreement. The Parties acknowledge that there are no representations, agreements, or understandings relating to the settlement other than those expressly contained in this Settlement Agreement. The following appendices are attached to and incorporated into this Settlement Agreement:

“Appendix A” is the list of Respondents and the payment schedule.

“Appendix B” is the map of the Site.

XV. PUBLIC COMMENT

51. This Settlement Agreement shall be subject to a public comment period of at least 30 days pursuant to Section 122(i) of CERCLA, 42 U.S.C. § 9622(i). In accordance with Section 122(i)(3) of CERCLA, 42 U.S.C. § 9622(i)(3), EPA may withdraw or withhold its consent to this Settlement Agreement if comments received disclose facts or considerations that indicate that this Settlement Agreement is inappropriate, improper, or inadequate.

XVI. ATTORNEY GENERAL APPROVAL

52. The Attorney General or his designee has approved the settlement embodied in this Settlement Agreement in accordance with Section 122(g)(4) of CERCLA, 42 U.S.C. § 9622(g)(4).

XVII. EFFECTIVE DATE

53. The effective date of this Settlement Agreement shall be the date upon which EPA issues written notice that the public comment period pursuant to Paragraph 51 has closed and that comments received, if any, do not require modification of or EPA withdrawal from this Settlement Agreement.
