Subject: Re: Anchor QEA Response to EPA's November 5 Letter RE: Medical Monitoring Requirements

Ryan, Bob, Tom,

EPA appreciates the attached agreement to use workers in a medical monitoring program for upcoming site work. The work may proceed with other written, satisfactory responses to the 11/11 HASP letter. It should also be pointed out that EPA's medical monitoring requirement will be applied for other field work under the AOC for workers in the hot zone, for your planning purposes.

Thank you.
