

EQUITABLE REDEVELOPMENT AND ENVIRONMENTAL JUSTICE

One of EPA's key objectives is to make sure everyone enjoys the same degree of protection from environmental and health hazards. Given that Superfund sites disproportionately impact communities of color and low-income communities, the Superfund redevelopment process provides an opportunity to facilitate equitable redevelopment by involving impacted communities in the planning process and identifying how to reduce burdens and increase benefits through the redevelopment process. This webinar will discuss strategies for incorporating equitable redevelopment and environmental justice into Superfund site cleanup and redevelopment. The webinar will cover the key components of equitable redevelopment, the role EPA, local government and developers can play in equitable redevelopment, examples of equitable redevelopment and EPA tools and resources available to address environmental justice at Superfund sites.

SPEAKERS:

Frank Avvisato, EPA Superfund Redevelopment Program
Bill Denman, EPA Region 4 Redevelopment and Chemicals Branch

Lavar Thomas, OSRTI Community Involvement & Program Initiatives Branch

L'Tonya Spencer-Harvey, EPA Region 4

Kyle Bryant, EPA Region 4

Fran Costanzi, EPA Region 8
